## Section Heading for the first script section. i.e. Assignment 1, Part 1

### Radius

```
radius = 15.5;
```

### Circumference

```
circum = 2 * pi * radius
```

```
circum =  
97.389372261283583
```

### Area

```
area = pi * radius^2
```

```
area =  
7.547676350249478e+02
```
